

TASTEBUDS

EPICUREAN CAFE & CATERING

Tastebuds Epicurean Cafe & Catering has been providing delicious food and catering since 2001 and prides itself on offering fresh, healthy, wholesome foods prepared in house from scratch. From our dressings and condiments to our breads and desserts, we can tell you what's in all our soups, sandwiches, salads, and anything else we prepare. We buy local when possible and when the seasons allow. We use environmentally friendly disposable "To-Go" products and we are locally owned and chief operated. Even though our sandwiches and salads may take a few minutes longer to prepare than the "fast food" places they are definitely worth the additional few minutes. So please try any of our delicious chef inspired menu items, they're awesome and you'll feel good about what you're eating!

Check out our extensive catering menu online at www.tastebudscateringfortcollins.com. We offer full service catering, from event planning and custom menu writing, to providing service and bartending staff for all you're private and business needs.
